With its magnificent hillside vineyards and rustic charm, Napa is an incomparable setting for dream weddings of all types—from simple yet stunning outdoor celebrations to large, lavish affairs. And at Alila Napa Valley, you'll feel as if you're tying the knot at your own private wine country retreat. Nestled amid Beringer Vineyards just minutes from downtown St. Helena, yet secluded and serene, it offers exclusive access to immersive experiences that capture the spirit of this famed destination.

A Love Story Rooted in Napa Valley

In Napa, the path from grape to glass is one of growth, nurturing, and ultimately, transformation. And just as each bottle of Napa's renowned wine is far greater than the sum of its parts, a wedding brings a couple together to create something beyond what's possible as individuals, a powerful bond rooted in love and affection.

Imagine sharing this joyous union with those who matter most in one of the most coveted locations in the world—Napa Valley, where the enchanting landscape serves as the perfect backdrop to pledge your love. Say your vows on the stunning Acacia Lawn, with views of the vineyards. Celebrate under the soaring vaulted ceilings of Acacia Barn. Explore this extraordinary region, with access to hundreds of tasting rooms and a wealth of other adventures.

At Alila Napa Valley, it's about more than the love you have for one another—it's about your love for life, too.
