

Food Waste Reduction Policy

A stunning beachfront resort that radiates sophistication, vibrance and vivacity, Alila Seminyak comprises of one-hundred seventy-six guest rooms, Spa Alila, a variety of indoor and outdoor venues for any occasion as well as it's Beach Bar and iconic signature Seasalt Restaurant.

Beyond the visible aesthetics, Alila Seminyak affirms its commitment to operate as a responsible business, to reduce its impact on the environment and to adopt sustainable practices by embracing The PLEDGE™ on Food Waste Certification.

Alila Seminyak acknowledges the importance of environmental sustainability and is concerned about its "Food Print". Thus, Alila Seminyak is committed to creating a food waste conscious environment within its operations and will partake in The PLEDGE™ on Food Waste Certification.

Staff commitment, consistently measuring food waste, integrating new SOPs, engaging diners and implementing circular models are challenges that we are aware of. However, Alila Seminyak is committed to deal with these issues and will design, then implement an effective action plan.

Alila Seminyak genuinely commits to preventing food waste by complying with the 7 pillars that The PLEDGE™ on Food Waste evolves around:

1. Envisioning the path to take, planning actions to minimize food waste and reporting the result to the internal and external community.
2. Engaging the whole team and establishing a Food Lover's Committee that aims to raise awareness by conducting regular trainings and meetings.
3. Installing a food waste monitoring system that tracks, records and compares food waste. The data is analyzed and action is taken accordingly.
4. Implementing, reviewing and improving the processes and policies to minimize food waste.
5. Improving and implementing the best practices to reduce food waste in the kitchen operations.
6. Inspiring the customers by regularly communicating about sustainable food waste practices that are in place.
7. Adopting circular solutions such as redistributing and/or transforming food leftovers.

Alila Seminyak's management and the team are proud to promote and communicate their aims and performance to their shareholders, staff, neighbors, suppliers and the local community, and to make this policy available to them on request.
