Something to Consider

Inclement Weather Plan

Weather in Bali is generally dry from April to October and wet from November to March. However, it does rain occasionally in the dry season and there can be many dry days in the wet season too. The wet season back-up plan is compulsory. The options available depend on the size of your group.

Rain Stopper Services

To ensure festivals and special events are not dampened by rain, the Balinese often perform a ritual to divert rain to other locations or to simply hold it back for several hours. This low-key ritual is performed by officiating small offerings and burning incense as well as a plate of fire (pengasepan), whose rising smoke is believed to push the clouds away. A religious ceremony performed by a Balinese Hindu priest to pray that rain is held or diverted during the event is available at IDR 6,000,000 net/day (12 hours). Alila Seminyak cannot be held responsible for adverse weather conditions or failure of the services provided by a Balinese rain stopper should you wish to use one.

Banjar – Local Community Fee

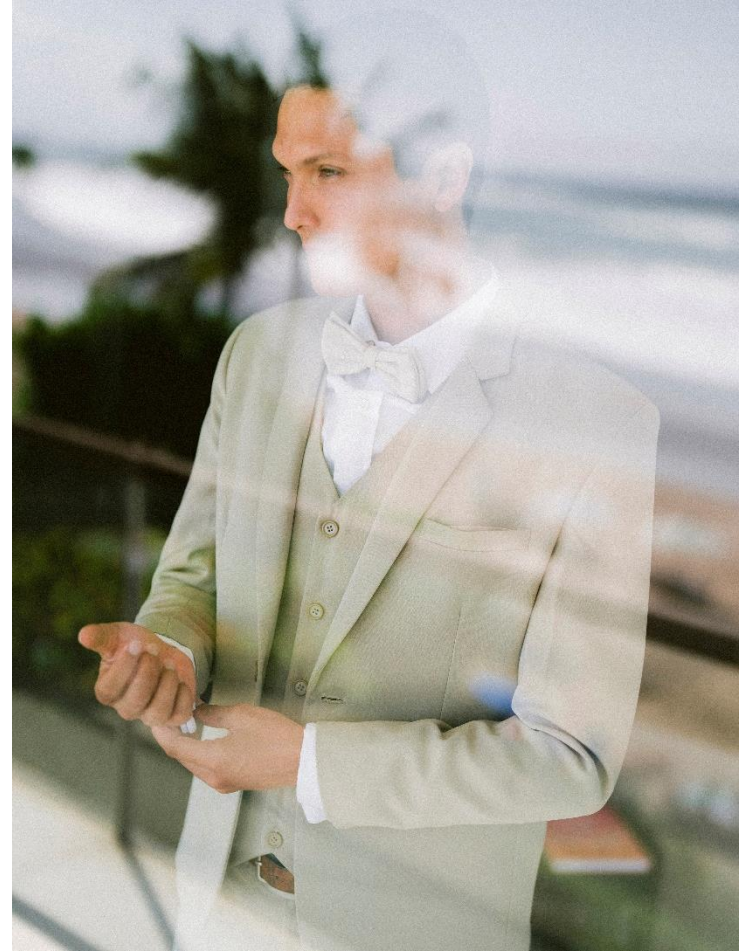

For any event that caters for more than 20 people and/or requires a significant setup such as a stage, live music, DJ, performances, etc., a fee of IDR 4,660,000 net will be charged and contributed directly to the local village community.

Marriage Credential Religious Appointment

Indonesian Marriage Law requires that a legal marriage in Indonesia must be performed according to the religion of both parties (the bride and groom). Five religions are recognized in Indonesia: Hindu, Islam, Buddhist, Christian Protestant and Catholic. As of 2012, Catholic religious marriages are no longer allowed to be performed outside of church. Depending on the type of religious marriage ceremony, there are different requirements for a legally valid marriage in Indonesia. We are able to assist with a full legal wedding in a Buddhist/Christian Protestant/Muslim ceremony at IDR 20,000,000 net.
