## MEET WITH INSPIRATION

Break out of the boardroom and into the invigorating beachfront setting of Alila Seminyak – a fresh and vivacious environment for meeting & event retreats. An ideal escape to provoke new ideas and refuel your team's energy. Our meeting packages offer everything necessary to host a successful and environmentally conscious gathering, featuring dynamic meeting spaces, facilities designed with sustainability in mind, and refreshments that support a healthy and balanced lifestyle. And for those time-out, team bonding moments, the choices are countless, from relaxing by the pool or on the beach to indulge in massage therapy, or exploring the local culture and the vibrant Seminyak area.

Christiane Ferger  
General Manager

## TAILORMADE EVENTS

Our dedicated team of event planners offers personalized service and meticulous attention to detail, curating experiences that harmonize with the hotel's dedication to sustainability and wellness. Choose between an elegant celebration in our temple garden enclosed with our Balinese temple, intimate meeting rooms, or the penthouse overlooking the idyllic ocean, each designed to incorporate curated, organic, and wellness-focused elements.

## GIVING BACK TO THE REGENERATIVE TOURISM EFFORT

Ragam, meaning "diversity" in Indonesian, embodies our multicultural volunteers, local staff, and the people we help. The foundation also runs diverse programs, such as organic farm tours and knitting workshops, aimed at giving back to the regenerative tourism effort.

Committed to building sustainable, long-term systems of support, their programs are interconnected and circular, designed to create a lasting impact on the communities they serve.

Ragam Foundation has created an inviting space where people facilitate goodwill in enjoyable ways that speak to their talents. In this environment, our team comes together to improve the lives of Indonesian communities in poverty.

In 2024, Alila Seminyak proudly stands as a partner of the Ragam Foundation, embracing their vision for regenerative tourism and actively participating in efforts to create a sustainable and inclusive future for Indonesian communities.

## CUISINE

Elevate your event with a memorable culinary journey, where sustainably minded organic-based menus are expertly crafted by our talented chefs and mixologists, showcasing the perfect blend of wellness and the exotic flavors of Balinese cuisine.

## ROOMS & SUITES

Weaving contemporary architecture with thoughtful design choices, experience serenity by the sea in one of our 176 guestrooms. Housed in four-story blocks, the resort comprises nine types of guest accommodation ranging in size from 46 to 177 square meters, and including one sensational 811-square-metre penthouse.

Alila.

## RECREATION

Escape the city sprawl and spoil your senses while experiencing it all at Seasalt and Beach Bar, Spa Alila offering Asian-inspired treatments, integrated swimming pools and state of the art gym facilities. For those keen to discover the hidden treasures of Seminyak, our Leisure Concierge offers activities tailored to guests' personal interests for enriching destination experiences.

Alila.

## SUSTAINABILITY EFFORTS

### SUSTAINABLE OCEAN INSPIRED COCKTAILS

Seasalt is one of the first restaurants in Indonesia to implement the sustainable, zero-waste concept behind the bar, reusing, fermenting, recycling and upcycling ingredients that would otherwise be discarded as trash.

### ORGANIC SEA SALT

From Kusamba, East Bali, where a small community of salt farmers continues a centuries-old tradition of producing 100% natural salt by sun and wind evaporation.

### FROM FARM TO TABLE

As part of the efforts in sustainability and responsibility to the environment, Alila Seminyak has its own hydroponic garden, where the property plants its own vegetables and herbs. This is to support our farm-to-table concept, where we freshly harvest our own local organic ingredients to create the dishes and zero-waste cocktails served at our restaurant, Seasalt.

### HYDROPONIC GARDEN

Alila Seminyak plants its own organic ingredients using a hydroponic method, which is a system of growing plants in water-based solution without soil. This method allows the ability to garden in small spaces as well as producing better quality of produces as hydroponic method provides complete control over the nutrient balance.

## SUSTAINABILITY CERTIFICATION

The 'Nurture Culture and Nurture Nature' initiative aims to support the local community in actively preserving the beauty of Bali's nature. Alila Seminyak was recently awarded EarthCheck Gold Certification in recognition of it being a benchmark leader of eco-sustainable luxury hotels on the island. Among the activities on its agenda is a goal to solve the issue of excess ceremonial waste, one of the key challenges Bali faces.

It's time to save food! Seasalt and Alila Seminyak have proudly achieved a 94% Rating & Gold Certificate for The Pledge. This accomplishment reflects the outstanding teamwork and effort of all hotel departments. We appreciate everyone's support and let's work together to make a positive impact on the environment.
